

# Concrete Primary School

“Building Blocks for the Future”

535 Powdersville Main • Easley, South Carolina 29642

## Arrival

Students will be able to enter the building at 7:20 AM. In order to enter the building, all students must use the car/bus line. Before exiting the bus or car each child must have their temperature taken by a staff member. Due to Covid-19 screening protocols, parents will **not** be allowed to walk their child to the sidewalk or to class. If your child has something that they cannot carry into the building, please make sure that you clearly label it with their name and their teacher’s name. It will be delivered to their classroom. Please do not walk your child to the sidewalk. This creates a possible exposure to you, your child, other parents, their children, our staff members. Our goal of course, is to keep everyone as safe as possible.

In the event that a student has a temperature of 100°F or higher, you will need to drive to the area outside the gym (the gym is located near the playground) and pull up to one of the cones for a temperature re-check by the nurse. If your child has on a jacket or coat on or if you have the heat on in your car this will give you time to have your child unzip their coat, lower the heat in your car or make other adjustments that may have caused your child to have a higher temperature that is not caused by a fever. If the temperature has dropped below 100°F the student will be able to enter the building. If the temperature continues to be at or above 100°F, the student will not be allowed to enter the building and the nurse will discuss with you the proper protocols.

All kindergarten and first grade students must use the main car line. We ask that **only** 2nd graders use the rear car line/bus circle. **The drop off spot has changed.** Drop off will be under the awning (closer to the picnic area) in the back of the school. The same protocols for temperature checks and will be in place as the main car line.

Concrete Primary’s day begins at 8:00 AM. All students arriving after 8:00 AM must enter through the main car line at the front of the school. **You must walk the student to the door and wait with them** until someone comes to take their temperature. You may not leave the student until their temperature has been taken. If the student has a temperature above 100°F you will need to wait with your child for a temperature re-check.

## Dismissal

Concrete Primary’s school day ends at 1:45 PM. Dismissal for bus students will begin at 1:40 PM. No early dismissals will be granted after 1:30 PM. All car riders must be picked up in the main car line by 2:15 PM.

We appreciate your cooperation and patience as we adopt these new procedures. I know that working together we will have a wonderful 2020 - 2021 school year. We look forward to seeing you soon!
